9 Bedroom/5.5 Bathroom bright Victorian beach house. Lots of off street parking to go along with a great location, close to the beach. Just two blocks to Congress Hall and three short blocks to the Washington Street Mall. A very popular summer rental property offering a private rear deck for outside dining and a sun deck off of the third floor, which catches ocean breezes all summer long. An exceptionally well maintained and modernized structure still with all of it's original, historic charm. Enjoy sitting in your rocking chair on the front porch, with a view of lifeguard headquarters on the Grant Street beach. Or, a family dinner with seating for eighteen at the table. Or, a back yard barbecue with horseshoes after a long day at the beach. No matter how large your family is, you'll be comfortable and have lots of fun in your personal retreat at Surfside Cottage.
