Location! Location! Location! Here's your opportunity to build your dream home on this single family lot. Picture your home having beautiful expansive water views of the inlet and back bay within walking distance to the Bar and Restaurant district and the Anglesea Seawall as well as close proximity to several marina's. This single-family lot is 48 x 85, and the sale includes approved floorplans designed by William Haryslak & Associates. The seller's current floorplans are for a spacious 3400 square foot, three story, modern farmhouse with 6 bedrooms, 5 bathrooms, a kid's room with built in bunk beds, a second-floor great room with 18' vaulted ceilings, and a large, well-appointed kitchen. The lot also has enough space for a 11' x 15' gunite pool.
