This NEW CONSTRUCTION is centrally positioned in a family friendly location just a short distance to the Beach, Bay, Promenade, JFK playground, basketball courts and all the shopping, nightlife and dining the center of town provides. Offering five or six bedrooms along with four and a half baths there is ample space for the whole family and all of their friends. On the first level you\'ll find the large Bonus Room with its own full bath and direct access to the backyard. This room could also be used as the sixth bedroom (one of three ensuite) if that better suits your growing family. The second level consists of four bedrooms, 1 ensuite with its own full bath including a tiled shower and large covered private deck. Three more bedrooms, a hall bath and laundry closet finish off this level. The third and main living level offers an open layout with high ceilings and plenty of room to entertain. The kitchen (with center island), dining and living areas flow out to the large covered third floor deck where you can enjoy the summer nights. The fifth bedroom with private full bath and a half bath completes the third level. Estimated completion is Fall of 2023.
