A truly unique property... a newer (2020) custom designed and custom built single on a full, conforming 50'x110' lot, centrally located on 47th street, a short walk to shopping, restaurants and the beach. This distinctive home features 5-6 bedrooms (with 5th bedroom currently being utilized as an office and a lower-level additional family room that could easily be converted), 3 full bathrooms and 2 half baths including an expansive primary suite with its own heated and cooled enclosed sunroom and oversized bathroom to create a private oasis unlike anything else you've seen on the island. The bathroom features include radiant floor heat and a bidet toilet. Combined with a massive great room, spacious decks, an elevator, a large garage with built in cabinets that can accommodate 3 cars and plenty of storage as well as a workout area, a generous outside shower and numerous upgrades, this is luxury living at its best. Never rented nor intended for investment purposes, the owner built the house for personal/family use. The attention to detail is obvious and unparalleled. The home is being sold partially furnished less personal items and artwork. Exclusion list included in Associated docs. Schedule a showing today to see this one-of-a kind stunner!
