

**921 Stone Harbor  
Stone Harbor Manor, NJ 08210**

**Asking \$2,200,000.00**

### COMMENTS

Welcome to the beautiful and tranquil waterfront resort community at Scotch Bonnet Sound. Situated along the Scotch Bonnet Channel just blocks from Stone Harbor's 96th Street commercial district, this enclave is one of the shore's rare locations that enjoys unobstructed sunrise to sunset views along the bay. The community will consist of 4 townhomes designed by the renowned architectural team at OSK Design. The marina will offer boating, kayaking and a fishing pier once completed. A true boater's paradise! These townhomes are truly spectacular in every sense of the word. Each home is 2900 square feet and 4 stories of spacious living space: 5 bedrooms and 4 full baths. The top floor consists of a master suite with private decks at both the rear and front elevations overlooking the bay on both sides! The 1st floor has a conditioned parking garage that fits 2 full sized cars and the main entryway leading up to 3 floors of living space. The second floor boasts a 25' wide open air floor plan with the kitchen, dining & great room lit by floor-to-ceiling windows that open out to a deck with expansive views of the bay. Saltwater plunge pool on the rear deck and a private dock accessed from the rear deck consisting of 2 boat slips. The homes will be ready for delivery in May of 2024.

### PROPERTY DETAILS
