COMMENTS

Just over 10 acres on Hartford Road in very desirable Mount Laurel. This property is not far from the corner of Union Mill Road and minutes to 295. The land is incredibly peaceful surrounded by wildlife with the owner actively hunting on the property. The land is suitable for a minor subdivision to produce a total of two buildable lots. Currently a home sits on a portion of the property. The home is being conveyed as is and was recently occupied by the seller.
