James Hardie

Cedar and a few other species
Plywood Siding are a high
quality and durable wood
that provide the look of cedar
siding without the risk of cedar
rotting. An additional advantage
is that these species are also
resistant to insects and
fungal decay. Looking to enhance the value and
endure a part of your home.

James Hardie is a well-known
cement board siding product that
enhances and protects homes in
all kinds of climate with strength,
beauty, and durability. James
Hardie siding's strength and
durability provide peace of
mind in hurricane force
winds, rotting, cracking, splitting,
bruise heat, and swelling.
