Meticulously designed, constructed and decorated, this beach front home is a harmonious mix of practicality and coastal flair. Sitting directly at the foot of the 103rd Street beach, this New England style home offers 5 bedrooms & 4 full baths and 1 powder room, breathtaking ocean views and is overflowing with luxurious living. NOTE: This beach front lot sits out approximately 15' further toward the beach than the beach front properties to the north which allows for exceptional views. As you enter the home, you are welcomed by the warm and comfortable atmosphere of the main living area with its coastal inspired hues of blue starting here and flowing throughout the home. 1-103rd Street was featured in the 15th Anniversary Issue of COASTAL LIVING MAGAZINE, and according to printed word, "blue rooms give a peaceful mood". Mesmerized by the coffered ceiling, hardwood floors and crisp paneling, you immediately feel the country charm even in this beach front property. The open kitchen features granite countertops, Viking Professional hood/range, a distinct built-in paneled refrigerator and dishwasher. The living and dining areas are surrounded by garden and patio views. A stone veneer gas fireplace with elevated hearth provides a cozy calm by the sea. Two beautifully decorated suites with private baths, a half bath, a spacious laundry room for your convenience and plenty of closet/storage space are also featured on the 1st level. The grouping of custom windows above the staircase boasts magnificent ocean views and an abundance of natural light on the 2nd level. Inspired by the depths of the ocean, the nautically decorated family room opens up to a wrap-around deck and your very own part of Seven Mile Beach. You will discover the ocean-inspired master suite on the level overlooking the beach and ocean atop the expansive master deck. The master bath is highlighted with a double marble vanity, glass shower and heated tile floors. The last cornerstone of this private resort home is the office that sits on the 3rd level and opens up to the sound of crashing waves and alluring blue skies as you enjoy the very large and private "Birds Nest" style sun deck/observation area. Also offering great outdoor living space, you can indulge in the spacious screened-in porch, back patio and back yard, which features plenty of entertaining with a gas fireplace, outside kitchen, full laundry room with shower plus an adorable miniature style playhouse to keep the kids occupied on your very own private resort.
