COMMENTS

Welcome to the beautiful, serene Cape May Point! This property sits on a corner lot and is approximately 50 steps to the beach entrance! Wow! It is all about location, location, location. This is an impressive family home with space for everyone, both together as a group and also privately! This 4-bedroom, 3.5-bath home was built for comfortable living. The main floor features a large open great room with cathedral ceilings, a natural gas fireplace, a dining area, a kitchen complete with SS appliances, a breakfast bar with seating, a double-door pantry, and an under-the-counter trash compactor, and access to the outdoor oasis. Conveniently located powder room on this level. Down the hall and privately located is a primary bedroom with en-suite, an updated full bath with jetted tub and shower stall, and a walk-in closet. There is also main floor laundry located in the hall. Three spacious bedrooms are located on the upper level with a full hall bathroom. Cathedral ceiling in one bedroom making it large enough to be a second primary bedroom. Wood floors, ceiling fans, and recessed lighting throughout most of the home and in all the right places! Brick & stone paved driveway and sidewalks. Brick patio in the backyard oasis with a pathway to the shed. And for those sandy beach days, there is a full bathroom off the garage for when you come off the beach. Listen to those soft, peaceful, flowing waves from the beach from any room in the home all day long! This is a showcase home and truly a must-see home in the very desirable, neighbor-friendly Cape May Point!
