

**837 Seashore
Lower Township, NJ 08204**

Asking \$1,100,000.00

COMMENTS

Charming, updated Farmhouse on over an acre of land. Perfect for the entire family. The original structure has seen several transformations and additions. The main house consists of 4 bedrooms and 4.5 baths. The cottage is a one bedroom one bath unit. Enter through the side porch into an enclosed porch with plenty of windows and light. Step up into the dining room, which is separated from the living room with glass French doors. The living room has a natural gas stove for the chilly nights in the winter. Off the dining room are sliders to a very generous outside deck. There is a natural gas line on the deck for a barbecue grill. Kitchen has been completely updated with stainless appliances and granite. The previous builder tried to keep a lot of the original details of the home and mix it with the more modern amenities. Off the kitchen you will find a small breakfast nook, half bath with washer and dryer. A bedroom and bath are also located beyond the nook with a spacious closet. Second floor offers two bedrooms and two baths. One bedroom is accessible with its own staircase which leads to the dining area. The additional master bedroom has its own separate entry from the enclosed side porch. Vaulted ceilings, large bathroom and very large walk-in closet. In addition, there is an outside deck complete with motorized awning. The third floor is a carpeted open attic which could be utilized as a playroom, home workout room or office. The front of the house has a wraparound porch. Next to the house you will find a one bedroom cottage complete with Kitchen area and living room, bath with tiled shower and a laundry closet. This cottage has a large deck facing the back yard off of the bedroom, complete with motorized awning. Perfect for morning coffee and bird watching. A large parking lot is situated to the left of the cottage offering 4 parking spaces and a handicap accessible ramp. At the rear of the property is a new two car garage with additional storage above, accessible through pull downstairs.
