

406 26th
Wildwood, NJ 08260

Asking \$619,900.00

COMMENTS

Beautiful Beach Home with Bay Views and some great upgrades! This home is listed as a two-bedroom, however there is an additional bonus room on the ground floor which the owners have used as a guest bedroom. The outdoor entertaining space is amazing at this property! There is a large front deck for enjoying the views and in 2021 the owners installed a huge rear composite deck, great for family BBQ'S or game night. The lot is 126 feet deep extending all the way to Juniper Ave! The backyard is perfect for horseshoe's and cornhole or maybe the addition of a pool? On the ground floor there is a bonus room w/ half bath, and the garage was recently refinished with drywall and turned into a sports bar! This home is in pristine condition and has a great layout offering a good-sized living room and a separate dining area that flows into the kitchen. The top floor has two large bedrooms, and the master has beautiful bay views! Some other upgrades include Mini-Split systems added in 2023 for energy efficient heating and cooling, tankless on-demand hot water heater, a newer french door refrigerator, and an updated exterior facade giving the home a fresh and modern finish! Bonus if you're a boater, Bayview Marina is right up the street, walk to your boat! There are many more features you'll love about this home and the area, come check it out!
