COMMENTS

This centrally located and impeccably maintained home delivers white-water ocean views that rival many oceanfront properties. Thanks to the unusually low dune elevation on 32nd Street and a recessed south-side oceanfront parcel west of Avalon Avenue, the property enjoys sweeping, unobstructed view corridors. Built in 2017, the 3,800-square-foot residence offers six spacious bedrooms, generous entertaining areas, and extraordinary decks on both the front and rear. A wide covered porch opens to a welcoming foyer and three first-floor bedrooms, two full bathrooms, and a rear family room with a custom wet bar. This space flows seamlessly outdoors to a private backyard retreat featuring a covered deck, oversized pool with separate hot tub, travertine hardscaping, and lush landscaping for total privacy. Upstairs, a vaulted great room centers around a gas fireplace and captures breathtaking ocean views. The chef's kitchen is outfitted with stainless steel appliances, custom cabinetry, and a large center island, while the adjacent dining area leads to a rear deck with grill station and spiral stair to the pool level. The expansive second-floor front deck easily accommodates multiple entertaining areas, each offering panoramic views. The third floor features two en-suite bedrooms, including a luxurious primary suite. Additional highlights include a three-stop elevator, wide-plank hardwood floors throughout, and privacy shades on the second-floor decks. A side storage garage with automatic roll down makes storing all of your bikes and beach toys easy. Located just steps from the 32nd Street beach path and only a short walk into Avalon's vibrant shopping and dining district, this property combines exceptional views, premier amenities, and unmatched convenience. With ample parking for family and guests, this home is a rare opportunity to enjoy Avalon at its very best.
