COMMENTS

This home is one of a kind with room for everyone! Tweaked by the builder, they took a standard floor plan and turned it into a one of a kind property, expanding room sizes and floor plans. Five bedrooms, 3 full baths, lovely sun room, garage with built in storage and sink area, massive storage closets throughout the house, beautifully decorated. Granite countertops with stainless steel appliances. Enjoy the Wildlife Preserve, as you are located right across the street. The area is quiet with loads of street parking, if needed. This well maintained home is move in ready.
