

Two examples of a 10x10 grid-in response area for a math test. Each grid has a header row with numbers 1-10 and a header column with numbers 1-10. The first grid shows a multiplication problem: 228035 x 678 = 1,584,633. The second grid shows a division problem: 154.55 / 2.3 = 67.2. Both grids include a "DO NOT WRITE IN THESE SPACES" warning and a "DO NOT WRITE IN THESE SPACES" warning.
