## COMMENTS

Spacious cape cod style home ready for you to move in! The entire interior of this home was tastefully renovated in 2022 and is still in pristine condition. All 3 of the bedrooms are spacious, with one of them located on the first floor. The 3 full bathrooms still look brand new. The gorgeous stone counter tops are accented by stainless steel appliances that are just a couple years old. Sitting on your back deck you will be able to overlook your vast back yard. If you are looking for an acre of land on a long and quiet street do not let this opportunity pass you by!
