A slice of paradise nestled on the stunning Riviera lagoon in Ocean City, where luxury meets nostalgia in this custom-crafted masterpiece designed Nicolas Piro and build by John Stoeco. This home is not just a residence; it's a celebration of design, a canvas of creativity, and a rare gem among the few remaining treasures on the South Jersey Shore. The open-concept main level is designed for entertaining, featuring a spacious living area that flows seamlessly into the kitchen. Connect with your friends over eight seat wrapped bar and enjoy the views of water through panoramic windows. Step outside onto the expansive outdoor deck which extends to boat dock accommodating 2 boats and jet ski. A six seat outdoor bar with a granite countertop provides further opportunities for hosting gatherings under the sun or stars, creating memories that will last a lifetime. Upstairs you will find four oversized bedrooms with private baths, each suitable for king size bed. In the primary suite, soaring walls of glass frame provides magnificent water views while bathing in sunlight. This home is a testament to that very spirit—an embodiment of fun, opulence, and space, adorned with excessive mirrors, glass surfaces, and even Lucite accents. Picture yourself in a space designed for showing off, where every corner invites you to turn up the volume on form and function. It's not just about living; it's about living grandly.
