Welcome to a beautifully reimagined 2-bedroom, 2-bathroom residence in the Bayberry complex. This thoughtfully redesigned home blends coastal comfort with refined updates, offering a level of quality and detail rarely seen in the area. Inside, smooth-finished walls in modern, neutral tones are complemented by custom trim and carefully chosen lighting throughout. Architectural lighting elements—ambient, accent, and task—create a warm and functional atmosphere, enhanced by dimmable ceiling fixtures and discreet slot illumination. The kitchen has been tailored for both everyday ease and occasional entertaining, featuring a professional-grade Samsung range and oven, a Drop-In Single Basin Sink with integrated accessories, and a reverse osmosis system for clean drinking water. Both bathrooms have been fully renovated with high-performance Schluter waterproofing, floor-to-ceiling tilework, and custom glass enclosures. Thoughtful design details, including built-in niches and high-quality fixtures, contribute to a clean, modern aesthetic. Luxury plank vinyl flooring runs throughout the space, installed over a leveled subfloor for a smooth and quiet feel underfoot. New energy-efficient windows and updated sliding doors bring in abundant natural light while supporting year-round comfort. The home also includes a private garage, adding storage and convenience, while the cohesive design ensures a sense of flow and balance from room to room. Offered at an excellent value for the quality, this home represents a rare opportunity in Bayberry for those seeking a stylish, turnkey coastal retreat.
