Bask in your privacy. The open interior layout includes wood look vinyl plank flooring throughout. The kitchen has been completely renovated with custom cabinetry and quartz counters with seating. You'll love the custom coffee/pantry bar. Step down into a bonus room at the back on the house with wood ceilings. Off the dining room slider is a recently completed two level trex deck for your enjoyment. The bedrooms have a split plan with the main bedroom and bath on one side of the house and the other 2 bedrooms and bath on the other. The hall bathroom was completely renovated and the master bath is in the process of being renovated and will be completed before closing. There's a two car garage with built in cabinets, desk and workshop and a pull down attic for additional storage.
