There is a new trend happening, and that is tiny home living! Many people are saving money by living in a campground 7 months of the year then getting a winter rental for 5 months. This comes in handy when money is tight or you're trying to save up money. This beautifully maintained 2002 Layton Model RV is 38 feet long and features 2 slide outs, a spacious Queen bedroom, and a freshly resealed roof (2024), following a full roof repair in 2021. The campground offers everything you need for a vibrant seasonal lifestyle, featuring 162 full-hookup sites with water, electric, and cable, and a wide array of resort-style amenities.
