COMMENTS

Absolutely custom built sprawling (nearly 2,000 sq.ft) ranch on highly desirable Shepherd Dr. This will require some updating and upgrading...however the solid bones, structure, flow and floorplan of this special "Builders Own" classic cannot be found nor duplicated in this price range...or in this neighborhood! Mostly hardwood floors, primary bdrm ensuite w/private bath and enormous walk-in closet, sunken formal living room with random width pegged oak hardwood, dining room/den combination both enjoy the warmth of the brick fireplace, large sunny-warm Florida room, eat-in kitchen, oversized laundry/utility room w/second kitchen prep area, large high unfinished basement, 2-car attached garage, circular drive, bikepath and ENORMOUS 100 x 192 wooded-sunny lot. Please be patient...house presently prepping for Tag Sale, so temporality a tiny bit cluttered....but you'll definitely see the quality craftsmanship through it!
